★ ECO-FRIENDLY PAINT SUPPLIES BY EARTH

No Comments

PLASTIC

I've found more earth-friendly paint supplies you can find at your local Lowe's, Home Depot, Wal-Mart and Sherwin Williams stores on the cheap. **Earth Plastic Biodegradable Trim Trays and Mini Roller Trays.** I've used them both, and found them to be very strong and easy to use (no flimsy collapsing plastic here). I even rinsed the trim tray out with hot water before I switched to a different color.

Here's the rundown:

PROS

- Biodegradable
- Recyclable
- Very strong, good design
- Good Price: Trim Tray around \$1.25, Mini Roller Tray around \$1.70
- Available at Lowe's, Home Depot, Wal-Mart and Sherwin Williams stores nationwide

CONS

- Didn't really find any - Rejoice!
